

GOVERNMENT OF RAJASTHAN  
PLANNING (PPP) DEPARTMENT

No.F.50(02)Plan/PPP/2007

Jaipur, dated: 05-03-2021

CIRCULAR

State departments/organizations play primary role in planning, conceptualization, development and implementation of various projects for creation of public assets and/or rendering public services. Project development is the crucial part of this process. With a view to dovetailing financial resources and leveraging from various central sector schemes including VGF and IIPDF schemes, continuous serious efforts are needed at the level of departments. This would spare limited state's resources to fund socially relevant and other priority projects/schemes.

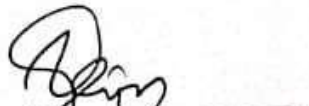

In order to ensure robust preparation and development of credible projects, PPP or otherwise, across the sectors, it has been decided to establish and/or strengthen the Project Development Cell in each potential department. Such cells are to be manned by senior in-service engineers/officers from respective departments, an officer of Rajasthan Accounts Service posted in the department and an officer of Rajasthan Economics & Statistics Service, posted in the department or nominated by the Secretary-in-Charge, Planning department.

Therefore, all Administrative Departments or State Public Sector Undertaking(s), statutory authorities or other entities under their administrative control are directed to establish and/or strengthen the Project Development Cell with immediate effect under intimation to the Planning Department.

  
(Niranjan Arya)  
Chief Secretary
